Spay/Neuter Assistance Application

Thank you for spaying/neutering your companion animal. We know that your pet will be healthier, and you will know that you have prevented the suffering of many future generations of unwanted dogs or cats. After you complete this form, please seal it, stamp it, and send.

Please note that there are many vets listed in the phone book. All of them accept our certificates.

You will be notified by mail as to whether or not GVAWL can provide you with assistance at this time. GVAWL will make final determination on the basis of (1) funds available to GVAWL at the time of application and (2) the information you provide to us on this form. GVAWL reserves the right to deny assistance based on lack of funding, gross monthly household income of the applicant, or an incomplete application.

All information will remain confidential.

Last Name		First Name
