

Pet Training Resources

*All of us at Gunnison Valley Animal Welfare League (GVAWL) wish you the best experience for you and your new pet. To help you find a trainer that meets you and your pets' needs, we are providing the following list of trainers. This list is not recommendations of one trainer over the other or a guarantee of success, however, it is strictly provided as a list of resources for you.

In the Gunnison area:

Benedicte Henrotte, ABCDT Honor Graduate, Paw-Z-Tivly Trained

(970) 707-8123 (home), (603) 359-0978 (cell), Benedicte.E.Henrotte@gmail.com

In-home, private training only, \$65/hr., including follow-up emails for each session and educational material. Travel fees may apply. Available also through Face Time, text, or call.

Benedicte has over 16 years of experience working with all breeds and emphasizes "listen" to the dog first by watching body language, so that training can be tailored to the dog's triggers. Mild and moderate reactivity/aggression and resource guarding modification. Certified Force/Pain Free Positive Reinforcement Trainer. Certified Bite Prevention Educator. Focusing on canine body communication to tailor training to each dog's needs. Using games and nose-work to relieve stress. Training should Always be Fun for You and your Dog!

Jenni has specialized training in working with aggression cases. She does not use coercion or punishment in training. Jenni is also one of the founders of a non-profit organization, HART (Humane Alliance of Rescue Trainers) www.rescuetrainers.org. HART connects animal rescues to credentialed, professional trainers that use humane, positive reinforcement-based training methods.

Outside of Gunnison:

Doug and Elizabeth Simpson, Tenderfoot Training LLC

(720) 442-0707, <https://tenderfoottraining.com>

\$80 Video Training Course. Discount available if you adopt from GVAWL. Contact them for the discount code.

They also offer - Remote training, in person training, and phone consultation.

Tenderfoot Training is a relationship training method based on love, trust, and respect. They don't use food or harsh devices in their training. They believe in making a connection through body language, touch, tones, energy, and intention, where other methods only work if you have food or your device handy. Learning to read a dog, and respond in an appropriate manner, in a timely moment, facilitates great communication and connection. We have three simple drills that can change everything in a very short time.
